## Cyd-destun a phwrpas Background & purpose

- Striking – visual impact
- World attraction for visitors
- Message of hope
- Black silhouette with guns – is it time for a hopeful visual message?

The background of the slide is a photograph of a mountain valley. In the foreground, a dark, stylized statue of an angel with wings is visible. The valley below is filled with trees and some buildings, with mountains in the distance under a clear sky.

The Unitehopeproject is a worldwide art project, creating a silent chain of hope with the help of the Unitehope angel.

We believe that hope is more than optimism, it's a force for change, a source of recilliance and a way to unite people across the world.

Unitehopeproject turns 20 years on 17th of September 2025!

# Angel Gobaith Undod – Angel Unite Hope

---

Message from the Artist on initial contact

- The project gives away the angel but it has to be placed on a local location open for all people at a place to enjoy Hope.
- We would like to see the place in advance (pictures) and some sort of permit for it by the city council or such.
- You , the receiver pays for the transportation costs.
- The angel either need a fundament that you can glue it on and then put under the soil. Or if it is placed on for example a piece of rock.
- We would like pictures, (lovely that you are a photographer :-), to connect you with all other angels on our Angelmap.

# Proposed site TBD

Gerddi Plas grounds

*We believe in the power of giving,  
that every person and choice matters,  
that the smallest light can illuminate the deepest darkness  
and that each and everyone have the power to create change.*

The project welcomes everyone to participate!

Diolch am wrando – thank you for listening

QS & answer (from the Artist 26.1.2026) following the meeting

1) Do you have any maintenance tips or know how others keep the Angel maintained?

The angel do not need maintenance. But in some areas , it depends on where it is placed in what climat

2) What would be the total cost?

As you guys are paying for the transport it depends on what kind you chose.

3) What's the exact material you use?

Concrete mixed with different stone materials.

4) How heavy is it?

40 kg

5) How much would it cost to post to Cymru/Wales?

see 2)
